The Great Remedy for Gonorrhœa

GLEET, Stricture and all analogous complaints is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years His only reason for introducing the Paste in this public manner is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at at the present time

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office No 50 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient relying upon the most beneficial course of treatment that can possibly be adopted

Six Times Stronger

than any other and Six Times Better Safer Surer and Cheaper than all others THIS Sarsaparilla has been proved on thousands of the best MEDICAL Talents and Skill in the world and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that is in the power of Human means to do Search

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH

KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City for professional skill CERTIFIES as follows as it may seem that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for Diseases of the Lungs" Some will marvel at this REMARKABLE Cure but hundreds are knowing to the fact This INVALUABLE Sarsaparilla is also doing wonders in foreign climes And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury What distinguishes Kelley's Sarsaparilla from all other medicines of the day is that it is the most powerful and yet the most harmless of all medicines ever offered to the public

Severe Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the heart And the reason for this is that it makes the BLOOD perfectly Pure Rich Healthy Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is swollen and Painful Strength wasting Appetite gone Pulse weak or Feverish Skin yellow Nerves deranged It restores Health Strength and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is that it does not temper with the patient or prolong his sufferings But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always sure enough and permanent Others only scatter, or back on the disease but this EXTIRPATES it wholly from the system—this saves the patient while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that Medical Colleges, Professors, and Physicians always prefer it for the sake of its Superiority Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cared for as they ought, hence it is that all the medicines which are used will raise the hope of Cure so invariably and entirely fail But this Sarsaparilla has the SPECIAL ability to cure every Disease Afflicting or Pain which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches Pimples, Freckles

Principal Office,—No 30, Indian Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

PINGREE NH April 1 1848

To all whom it may concern

I the undersigned do hereby certify that I was acquainted with the late Dr Stephen Jewett from my childhood up to the time of his death and have been his neighbor and friend, I have seen his Medicines introduced into his family and have witnessed their effect in my family and in the family of the late Dr Stephen Jewett Judge NH and I cheerfully recommend them to the public as the valuable medicines and being composed entirely of vegetables I think they are free from all the evils of our old fashioned medicines composed of minerals or poisonous drugs Try them and judge from fact and experience I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes I have had it in my family and have never seen any thing equal to it

DR STEPHEN JEWETT'S

Health Restoring Bitters.

These Bitters acting as they do upon the Stomach Liver and Bowels remove all the morbid secretions thereby purifying the blood and invigorating the digestive organs and cure diseases that already exist but they also fortify the system against all attacks of disease It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick The remark is strictly true for while the stomach and bowels are kept in a good condition and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences which under less favorable circumstances would have engendered perhaps fatal disease

In order that the public may know that they are offered a truly excellent article we append the following certificate which has been seen with numerous others in their original by calling on the proprietor

Boston May 15 1848

To all whom it may concern—It is my certain that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back loss of appetite languor and general debility

A short time since I commenced taking Dr Jewett's Health Restoring Bitters and in a very short time my humors and pains left me my appetite improved and my health has not been so good for years all of which I attribute to Dr Jewett's Health Restoring Bitters

(MRS) E H RUSSELL Beach Street

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused either directly or indirectly by diseases of the Lungs and Chest Why is this great sacrifice of human life? How happens it that the fairest reflects of the highest promise the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption? And how happens it that so many interesting and lovely children are cut down every year by those fearful diseases the Quinsy and Croup? In truth most of these diseases are incurable! They claim will yet for their victims unless cured—if taken in season

It is true these diseases can be cured with almost absolute certainty—if taken in season Everybody should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer

The following certificate among numerous others which have been received are appended for the benefit of those who desire to see certificates

WINCHENDON Mass March 10 1848

Stephen Jewett—Dear Sir—I feel it a duty to you and to the public generally to inform you all who may have been afflicted as I have that I have been entirely cured of a severe and long continued cough by one bottle of your Pulmonary Elixer—For months I have been a great sufferer I had pain in my left side sore throat constant cough, and raised a good deal of bad looking matter My strength was gone and my flesh was wasting away I took many things without benefit and was steadily getting worse till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs

John N. Sayward,—Editor

TUESDAY, JANUARY 16, 1849.

☞ Confinement to the house for a week past has prevented us from noticing local matters as we should otherwise have done It is not easy to edit a daily paper, in all its branches when one is confined to a sick room If a sufficient number of letters for a week are written it is esteemed doing decently well

It may not be amiss to refer now to some of the matters which we should have noticed at the time had we been at our desk during the past week

The steamship Washington arrived at New York on Monday afternoon Her news was reported directly through from New York, by telegraph to this city, and appeared in our paper of Tuesday morning

This was certainly showing to our readers be advantages which they were deriving from our arrangement to procure the latest intelligence even at the high rates demanded by the telegraph company The news was telegraphed to Boston and even with that gain, it was not received in Portland in season to be published by papers who had made no arrangement with the telegraph before Wednesday morning

The readers of this paper had the news on Tuesday morning, which the publishers of the Portland morning papers gave their readers on Wednesday morning, and that news from New York The Reverend editor of the Gospel Banner the other day remarked in reference to the rapid mode of conveying intelligence by the magnetic wires that he formerly received his western news *from* the west, but that lately he frequently received it *from the East*

The annual meeting of the Bangor Mechanics Association was held on Thursday evening last—We should have noticed that at the time and published the list of officers This is one of the oldest most useful, and best sustained institutions in our city The last annual meeting was the first we believe, for some twenty years past that we have not attended

The Temperance meeting on Saturday evening and the lecture of Rev Mr George, would have received attention The Saturday evening meetings of the League have already had some effect upon the dealers in intoxicating drinks Whenever the friends of temperance are active out spoken and bold then the liquor dealers begin to hide themselves and to refuse to sell except slyly and to particular customers This should encourage the earnest friends of temperance to do more and more We trust there was a large meeting to listen to Mr George's address These Saturday evening meetings should be generally attended by all all our citizens

☞ The Washington correspondent of the N Y Express speaking of the slavery excitement and the caucus of southern members which is soon to meet, remarks that there are extremes of parties in this matter, one believing slavery to be the highest possible good the other believing it to be the lowest possible evil He then says

The South says too much when it denies the power of Congress to abolish slavery in this District or its power to prevent its extension over free territory The terms of the constitution settle the former question, and the recognized legislation of the government as seen in the ordinance of 87 and the Missouri Compromise the latter Least of all ought it to be denied that Congress has the power and having the power, that it ought to regulate the slave trade in the District of Columbia

It is a disgrace to the whole nation that the slave trade does exist at the seat of Government and Congress ought to take shame to itself that during the fifty years since the District was set apart for the Federal Government not one general ameliorating slave law has passed The slave laws here now are precisely what they were when Maryland ceded the territory to the United States and what they were then they had been in Maryland for many years previous

Maryland, in the mean time has not been enjoying the sleep of half a century She has improved her laws as others of the older States have improved theirs so that now in Maryland no man can bring a slave into the State and sell him there and yet this very traffic exists and in the most odious forms uncontrolled by Congressional legislation, and with the charge of fanaticism, if you but wish it, out of existence

Unfortunately however in some attempts to legislate upon this subject there has been quite as much love of personal notoriety as friendship for the slave Long preambles moral lectures, pharisaical pretensions and bitter denunciations, have distinguished too much the action of those who have moved in this matter Mr Giddings has even asked that every slave here should at once be entrusted with the right of suffrage when this right has not even been conferred upon the free negroes of his own State It is such men and such movements which not only prevents all melioration in the slave laws but from year to year weaken the bond of the Union and the due observance of the Constitution Surely when such bad men *combine*, it is time for good men to unite and improve the Republic

☞ We received yesterday forenoon a telegraphic dispatch in season to insert the same in our Weekly papers which were distributed by the mails last night and this morning to all parts of the State Our eastern friends find now that we give them the ship news in advance of all other papers whether published in Boston or elsewhere

☞ Twenty additional Chaplains are required at military posts and application may now be made to the commanding officer of the post where they are wanted The Chaplains will be required to perform the duties of school masters The pay not to exceed $40 per month with quarters, fuel, and four rations a day

☞ Some of the papers complain that the department of the government at Washington keep back from the people valuable information respecting the gold regions of California, which has recently been received and that in the mean time they are sending off their sons, nephews and relatives to take the earliest advantage of the official intelligence received

Mr Clifford, U S Minister to Mexico, arrived at Mobile 31st ult, and left for Pensacola 1st inst to take passage for Mexico He is accompanied by his wife and two children

☞ The Piscataquis Observer a neutral paper, after a suspension of a few weeks, has again been launched for another yearly voyage by the enterprizing proprietor, G V Edes Esq

☞ The richest painting at the late Art Union drawing fell to an journeyman printer An industrious, sober good fellow

☞ The Bath Tribune gives the amount of ship-building in that District in 1848 from which we take the following summary

22 ships	13296,55
26 barks	4680 79
16 brigs	3130,61
1 schooners	1090,55
2 steamers	311 60
Total amount of Tonnage in the District of Bath, Dec 31, 1848,	22509,25
	94864,93

Whigs of Maine, support your Local Presses!

Mr Editor

I have noticed of late, with pleasure, several articles in your paper calling the attention of the People of the importance of supporting their local Presses It is an important subject and one that the Whigs of Maine should fully understand

And they should act upon the principle that in time of peace prepare for war Our Navy Yards are annually working out War Steamers and vessels of War Our Military Academy, at West Point is sending, annually her graduates all over the country, skilled in the science of war, and thus when war comes we are prepared to act

To the Whigs of this State I wish to say look around you in your own town and neighborhood and see what can and must be done to put the State, at the next election, upon the right track, upon that track that her position and resources demand that she should be put

And how can she be placed by the side of the fifteen Whig States of this glorious Union—by the side of all New England, with the exception of New Hampshire—with a Whig Standard Bearer at the helm of State, and a majority of Whig Congressmen? Can it be done without the aid of the Local Press? I answer it cannot No party or sect can maintain its principles without the aid of its local press

Let us then in Maine act upon the common sense principle and support our own It will not do for us, as Whigs, to say that our County papers are not as large as the Boston and New York papers and therefore we will stop our local papers and take a Boston or New York paper No, this will not do Of course there are very many who will take the local paper and the papers printed at the larger cities besides—this is as it should be But there are thousands of people in this State in city and county, who take but one paper and that should be the local paper, because it gives the local news and all the important news besides

Maine can be a Whig State if the Whigs of Maine but will it, say it shall be done and take the right means to have it done

I almost fancy that I hear the Mechanics, the laboring men, the Whigs of old Pennsylvania, who have been in a minority as long as the Whigs of Maine have been saying to the Whigs of Maine, look at our political standing and our state as Pennsylvanians expect every Whig in Maine to do his duty

If Maine is to be a Whig State the work must be done and done now at the right time and in the right manner Just before an election is no time to circulate papers and documents If she is to be a Whig State, the Whig papers of the State must and ought to have their times the circulation that they now have Now is the time to circulate the papers and documents, and when they are read, and their contents thought of men are prepared to vote and to vote right too If the Whigs had worked in every town in the State, during the past year as hard as the Whigs of Augusta, Gardiner Calais, Bangor and some other places worked Maine would have thrown her vote for Zachary Taylor

And now the question occurs how shall all this work be done? as a general thing it must be done by the young men Let then the Whigs in all parts of the State go to work

Let the Whigs of old York, say our local paper, the Saco Union, shall have a large circulation—it gives us the news weekly and talks of home men and home matters and it is these home men that we are to vote for for County officers Representatives &c Let some young men in each and every town in York County canvass in own town and get as many subscribers for that paper as can possibly be got Let him talk with every Whig in town and tell him of the importance of sustaining the Whig press tell him that after he has read his paper to lend it to his neighbors If young men will take up this work they will be surprised to see the work they can do and the large number of subscribers they can get

In many towns where there are not ten copies of the Union taken, fifty can be sent each week and if manyfold the Union they can be sent, in bundles, per stage and otherwise, free of postage to subscribers

Let the same course be pursued in each town in every County in the State and the same result will follow Let the Whigs of Cumberland and Oxford think of this matter Oxford I think has no Whig paper printed within her borders but she ought to have one, for what Whigs there are in that county are as true as steel I was a Portland boy and know the towns North and West from Portland where the Advertiser and Empire ought to have ten times the circulation that they do have And why should it the Portland papers have a much larger circulation? They give to the people in those towns later news which they get by telegraph then they get in the Boston papers which come to them in the same mail Let then some Whig in each town in Cumberland and Oxford canvass his town in the manner I have mentioned Let the Advertiser and Union have ten times the circulation they now have and I will venture to predict that the second Congressional District will elect a Whig member of Congress at the next election

When there is Line to shed good service in the Whig cause in September last, by electing a Whig member of Congress but they must recollect that 'Eternal vigilance is the price of liberty She is largely engaged in navigation and ought to be Whig all over The Bath Tribune will do all it can to make it so if you will but give it a chance Let then some Whig in each town in Lincoln County canvass his town and let the Tribune come weekly to each and every town in the county in large bundles to do the work

Then there is old Kennebec She has always been Whig—she is Whig now, she will come up to the work I know She has her able Whig paper and it should have a very large circulation She has her young men, too, who can and will go into the work, for they have done it and are ready to do it again I do not know, but the vote of Augusta, Gardiner and other places in that County, at the late elections, say to the Whigs of the State we have Whigs here of the right stamp, and we worked Let, then, Kennebec and Franklin be canvassed and let the Journal have a large circulation and the vote at the next election, to those counties will tell us that they have done the work

Waldo, at the last election, gave Whig gains in almost every town She has an able Whig paper printed with in her borders and if every town in that County be canvassed and a large number of copies of the Signal go into each town every week, for the coming year, and in September next the Democratic majority, in that County will be very much reduced

Somerset has her Whig paper which is not supported as it ought to be Let every town in that County be canvassed and let her local paper come each week, in large numbers, to each town in the County, bringing to its readers the news from all parts of the country, and its own local news

Penobscot and Piscataquis should go into this work in right good earnest, and I sincerely hope that one Whig, at least will be found in each of the 75 towns and plantations in the two counties, who will go into this business and do it thoroughly If this had been done one year ago, Maine would have had in the next Congress three Whig members of Congress Mr Hutson was elected in the Sixth District, by a plurality of only six hundred votes A change of 15 votes in a town would have elected Mr Washburn, the Whig candidate If the Whigs of the eighth District do their duty and go to work now, they can elect a Whig Congressman at the next election—And the people of Penobscot, Piscataquis, Hancock and Aroostook bear in mind that the Telegraph is now in operation as far East as this city, and that the Bangor Courier gives the latest news received by Telegraph, previous to going to press For instance, I see that the last Bangor weekly Courier, printed on Monday afternoon, Jan 8, gives the Telegraphic news received from New York, to Sunday Jan 7, 7 P M, thus giving the news a number of days earlier, to the country readers of that paper than they could get by the Boston papers printed on the same day There are two Whig papers printed in Bangor, the Bangor Courier, and the Bangor Mercury and I hope the Whigs in the Eastern part of the State will canvass their several towns and try for once and see what can be done by disseminating Whig Principles by the aid of the local Press

Washington county has two Whig papers—one at Calais and one at Eastport Every town in that county should be thoroughly canvassed, in the manner I have mentioned, and are there not Whigs in every town in that county, who will go to work and see that their local presses have a large circulation

Washington, Hancock, and Aroostook counties elected Joseph C Noyes to Congress in 1837 and since that time came very near electing that true hearted Whig Thomas Robinson The election of a Whig Member of Congress from the Seventh District, would carry joy to the hearts of the Whigs of the Union At the last election the Democratic plurality in that District was only 615 and the Van Buren vote was 802 The Whigs in that District can, if they will now go to work elect a Whig member of Congress at the next Congressional election There were at the last election in the 36 towns and plantations in Aroostook county 431 Whigs, good and true, who threw their votes for Zachary Taylor, if those 431 men will go to work, they can, by the aid of the press revolutionize the country, and Whigs of Aroostook shall it be done? The Whigs of the State must awake from the sleep in which they have so long slept and see what can be done by work and commencing to work in season—The next election in this State will be an important one The next Legislature to be elected will have a United States Senator to elect, and shall George Evans or some other good Whig be elected to that important office? this cannot be done without much labor in every town in the State, and a large circulation of the local press, and shall this be done? Let every Whig in the State say with resolution it shall A Whig

President Taylor, Office holders and Office Seekers

We find the following in the Baton Rouge correspondence of the Cincinnati Gazette It is dated Dec 15th —

"I have just made a visit to the 'White House, in which resides that good old man we have selected to bring about a much needed reform in the affairs at Washington I found General Taylor, not exactly in camp but dwelling in a small house of as humble pretensions as himself in the garrison horses None except the bitterest Locofocos speak of him in any thing but terms of deep respect for his excellent character and in full satisfaction of his command and abilities and talents for the office of President General Taylor told me that he was already overwhelmed with applications for office, so much so that it occupied all his time not necessarily devoted to business, to read the numerous letters many of which are long and tedious so that it is quite out of his power to give answers

'Besides, says the General, 'I am not yet President and when I am, let these applications be made through the proper departments, and I am wished to remove an incumbent let it be shown that he does not answer the Jeffersonian standard for an office holder, and the applicant does for as far as he is in my power, I intend that all new appointments at all be of men honest and capable I do not intend to remove any man from office because he voted against me, for that is a freeman's privilege, but such desertion of office and official patronage as some of them have been guilty of, to secure the election of the master whom they served as slaves, is degrading to the character of American freemen, and will be a good cause for removal of friend or foe The offices of the government should be filled with men of all parties, and as I expect to find many of them now holding office to be honest, good men and as the new appointments will of course be Whigs, that will bring about the result Although I do not intend to follow an indiscriminate removal, yet it grieves me to think that it will be necessary to require a great many to give place to better men As to my Cabinet, I intend that all interests and sections of the country shall be represented, but not as some of the newspapers will have it all parties I am a Whig as I have always been free to acknowledge, but I do not believe that those who voted for me wish me to be a mere partIan President, and I shall therefore, try to be a President of the American people As to the new territory, it is now free and slavery cannot exist there without a law of Congress authorizing it, and that I do not believe they will ever pass I was opposed to the acquisition of this territory, as I also was to the acquisition of Texas I was opposed to the war, and although by occupation a warrior, I am a peace man'

Upon the subject of improving our great rivers and lakes, the friends of that measure may rest satisfied that they have a friend in President Taylor General Taylor was sixty four years old last November He is now hale and hearty, and in the full enjoyment of his natural strong intellectual faculties I hold my judgment tolerably good of human character, and I must say that I was highly pleased with my interview, and left him, fully satisfied of his capability to fill the President's office with honor to himself and our country I fully believe that all classes of people will soon feel the beneficial effects of the prosperity and confidence that will fill the minds of the people during his administration

Dr Jett who has recently arrived at St Louis, from California, gives some information respecting the travelling facilities in that country, and confirms the statement of the quality and quantity of the gold found there He mentions one circumstance that is rather ludicrous, and shows the nature of the claims advanced by some of the gold hunters to riches which, as yet, we believe be only to the government A party of some twenty or thirty were exploring a dry ravine that led to a mountain supposed to be rich with the precious ore When near its base, they came suddenly upon a spot which glittered like the firmament in a clear night, with gold dust and ore, caused by the washings from the mountain In an instant every man threw himself upon the ground where he lay scattered the treasure, and surveying out his arms and legs, claimed a preemption to the surface that he could cover in this way The claims so regarded by each as good, and the average yield to the whole party is said to have been upwards of three hundred dollars

CONSUMPTION

This terrible disease is commonly attributed to our climate But if the climate were to blame, the disease would have been inflicted upon that, and not upon the people We think the fault is in the people and that if the people would keep the skins of themselves and their children properly washed and abstain from gluttony, poison and idleness for a generation or two, consumption would be no more known

However *consumption prevails* as matters are and picks off the best and prettiest of us in our prime! In this state of things we must do the best we can, piece and patch out the web of life, with journeys, voyages, and medicines. *Of all the medicines we know of Dr Wistar's BALSAM OF WILD CHERRY is what we first recommend.* We have in our office a living proof of its efficacy *who but for it would have been beneath the sod long ago* The inventor of this medicine Dr Wistar, *was a man of science, of humanity* and undoubtedly prepared the remedy in its best form and the public may rely upon Dr Fowle for the genuine article —[*Boston Daily Chronotype* Jan. 18 1847

'There is a reaper, whose name is Death
And with his sickle keen,
He reaps the bearded grain at a breath
And the flowers that grow between

"Shall I have naught that is fair?" saith he,
"Have naught but the bearded grain?
Though the breath of these flowers is sweet to me
I will give them back again"

He gazed at the flowers with tearful eyes
He kissed their drooping leaves,
It was for the Lord of Paradise
He bound them in his sheaves

"My Lord has need of these flowerets gay
The Reaper said and smiled
Dear tokens of the earth are they
Where he was once a child"

"They shall all bloom in fields of light
Transplanted by my care
And saints, upon their garments white,
These sacred blossoms wear"

O, not in cruelty, not in wrath,
The Reaper came that day
'Twas an angel visited the green earth
And took the flowers away"

BALLARD'S IMPROVED LIQUID HAIR DYE is the best preparation that we have ever seen for coloring the hair It will positively restore grey Hair to its original color whether auburn brown or black surpassing in beauty even the most natural locks retaining the gloss and softness of the original Sandy light, or red hair can be matched with any darker shade

From numerous laudatory testimonials, which may be seen at the manufacturer's wholesale depot No 51 Cortlandt street New York the following from the celebrated Cristadoro of the Astor House is presented —

No 6 Astor House New York Sept 21 1848—Mr O M Ballard—Dear Sir—It is but justice to you to say, that of all the preparations for dying hair I have tried none has answered so well the purpose as your Improved Liquid Hair Dye, and with a great deal less trouble in using it than any other I give you this testimony upon my solemn conviction that it is worthy the patronage of all who may wish to exchange gray light or red hair for a beautiful auburn brown or black, and from the peculiar softness and lustre which it imparts to the hair the hair does cannot but give it a decided preference Yours respectfully

Ayer's Cherry Pectoral,

For the cure of Coughs Cold Asthma Hoarseness Bronchitis Hooping Cough Croup and Consumption

WHEREVER this remedy is known a case of diseased lungs or throat which is not speedily relieved by its use is considered incurable. Its wonderful cures have induced the proprietors to make it a matter of conscience to put it within the reach of the poor. It is recommended by the most eminent physicians in the country, and they have agreed to accordingly sanction its use. Its most skilful Preparation and the most certain remedy known for diseases of the Lungs and Throat

DR BARTLETT OF CONCORD MASS

uses the use of Ayer's Cherry Pectoral in his practice and particularly recommends it to cases of *Hooping Cough* having found it more certain to cure that troublesome disease than any other medicine

DR BREWSTER OF WINDHAM CO CONN, sends us the following testimony

FOR THE FITS

GALVANIC BELTS, MAGNETIC NECKLACES, AND VARIOUS OTHER ARTICLES

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM has been pronounced by distinguished physicians, both in Europe and the United States to be the most valuable medicinal discovery of the age

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

all of which, though arise from one simple cause, yet differently

A Derangement of the Nervous System.

☞ NERVOUS COMPLAINTS Drugs and Medicines are the most ineffectually used in the vain attempt to invigorate the debilitated system, while the electric galvanic fluid, when properly applied, is the most powerful restorative agent in the world. It will cure every the exhausted patient and invalid, and restore to perfect health and vigor

Its great peculiarity is its excellence of

Dr Christie's Galvanic Curatives,

Some of which have been cured after years of suffering, and in these cases the patients have gone through every stage of Nervous Debility, and have at last been cured by the use of this invaluable remedy

60,000 Persons

in the United States and Canada have used the Galvanic Belt and Magnetic Fluid, and the number of the sick and debilitated who have been restored to health and vigor is not to be counted

ENTIRELY AND PERMANENTLY CURED

A few days from the time of using the above things

In order to use the Galvanic Belt properly we refer the sick to the following directions which should be carefully followed by persons using the Belt for Nervous Debility, or Nervous Disorders, in order that the proper stimulant may be taken which by the action of the stomach and liver will cause the patient in a few days to feel a glowing sensation spread over the exhausted frame and vital energy is restored to perfect health and vigor

☞ Take a Dyspeptic sufferer, or one in the worst stages of the attack, and simply put the Belt round the body, using the magnetic fluid as directed. In a short period the miserable dyspeptic will feel on the positive element of the Belt the electricity causing a delicious current which will pass out through the negative point, thence back again to the positive thus keeping up a constant and balanced circulation through out the system Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS

Certificates and Testimonials

From the most Respectable Sources,

Could be given sufficient to fill every column in this paper We make a few selections The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter narrating one of the most remarkable cures in the annals of Medical Science is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and extended reputation —

Sharp, New Jersey July 12 1849

Dr A H Christie—Dear Sir You wish to know of me, at my own request, the result in my case of the application of the GALVANIC BELT AND NECKLACE. My case is as follows.

For about twenty years I had been suffering from Dyspepsia, Liver Complaint, Costiveness, and more recently I had obtained permanent relief in a course of Galvanic treatment which I had used with such success that I thought I was cured. But in the fall of last year I began to feel symptoms of the old difficulty returning, and I was soon as much a victim to it as ever. I tried every remedy I could hear of, but in the winter of last and the commencement of the present year I tried my own and every other remedy in this region, but to no avail. I was now in a state of the most distressing nervous debility, and was fast sinking into a state of hopeless despondency. At this time I was induced to try the Galvanic Belt and Magnetic Fluid, which I had seen and heard much of. I did so, and in a few days I was so much better that I felt encouraged to persevere. I did persevere, and I am now a well man. I have not had a return of my old complaint since the first week I used the Belt, and I have not been so well for years. I am now able to do my own work, and I am daily gaining in strength and flesh. I feel like a new man, and I am ready to do any thing I can to make the world know the great value of your invaluable Galvanic Belt and Magnetic Fluid. I am yours very respectfully and gratefully

(Signed) REV. DR. LANDIS

LIST OF PATENT MEDICINES

HART'S VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Prostration of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever afflict the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of the most dreadful of all diseases And its tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many, until the most important of all discoveries was made by Doctor S Hart, nearly six teen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can efface Physicians of unfeigned skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness" Another says, "I thank God I live I feel like a well man I also feel it my duty to proclaim it to the ends of the earth that those similarly affected may find relief Another (who is an

EMINENT LAWYER,

and well known in this city,) says, "my son has been afflicted for years with Epilepsy but is now enjoying good health from the Vegetable Extract Its fame," says he, "should and must live to be sounded to the ends of the earth" Another says, "Language is entirely inadequate to express my gratitude to Dr Hart, for having bestowed upon me, under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and my evening sacrifice of praise and thanksgiving shall continue to ascend to that God who has afflicted, but to make me whole"

Mrs J Bradley, 115 Orchard street, New York, states that she has been a great sufferer for many years, and has been restored to perfect health (of every other malady had failed) by the use of the Vegetable Extract

Dr Charles A Brown of Dover Russell Co Alabama, who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract and that he has unhesitatingly prescribed it in every case of Epilepsy which comes under his knowledge

Curtis G Hasbery Esq formerly Postmaster at Lima Mills Crawford Co, Pa, now living in Erie Co Pa states that for many years past he has been severely afflicted with Fits and he is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him sound and healthy, being entirely freed from that direful disease

Mr Stephen E Pratt, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles E Houghton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business, Having used Dr Hart's Vegetable Extract (says Mr P) he was soon restored to perfect health and left the city for the State of Ohio to resume his business

Rev Mr Smith Rector of St Peter's Church, Spotswood New Jersey, who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and that he has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years of his life and cured by the use of this truly wonderful remedy

Read the following remark ble case of the son of Wm Searle Esq of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months—After travelling through England Scotland Germany, and France, consulting the most eminent physicians, and expending in medicine, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England I consulted the most eminent physicians there in respect to his case; they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE

I accordingly left England, travelled through Scotland Germany and France, and returned home in the month of November, with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your testimonials and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract a loved one was restored to

PERFECT HEALTH

RHEUMATISM

This is only one of more than our thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, N Y, has great cause spoken of in the following letter

Blackwell's Island, Sept 4, 1847

Dr Townsend—Dear Sir I have suffered severely for some years with the Rheumatism considerable at the time I could not eat, sleep or walk I had the utmost distracting pains and my limbs were quite swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend's Sarsaparilla tested his Sarsaparilla in cases of Fits of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been seven years afflicted with Fits, we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and we are very glad we did for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness Prolapsus Uteri or Falling of the Womb, Costiveness Pain in the Side or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge then of and for the general restoration of the system—no matter whether the result of indiscretion or causes, produced by the guilty, illness, or accident Nothing can be more surprising than its invigorating effect on the human frame Extreme weakness and lassitude, from taking it at once become vigorous and full of energy and active influence, It immediately counteracts the nervousness of the female which is the great cause of Barrenness and will not be expected of us, it can not be in the nature, to state the cures performed but we can assure the afflicted that hundreds of cases have been reported to us Thousands in fact cases where families have been without children after using a few bottles of this sarsaparilla and have become blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

Thousands of Mothers have been recently prevented from the misery of the complaints No female who has reason to suppose she is expecting that event should be without it It is the best medicine for the purpose of giving strength to the mother and child, prevents pain and distress, increases and enriches the food—those who have used it think it is indispensable It is highly useful in before and after confinement as it prevents disease attendant upon childbirth—no Costiveness Cramps Swelling of the Feet, Depondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal The great loyalty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some little Castor Oil or Magnesia may be used, Exercise in the open air and light food will be a salutary adjunct, will always assure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by a coat of powder, or the skin inflamed by the alkaline used in some, continues its own production in the "human form divine," as well as in the garden of rich and delicately tinted and variegated flowers A free and healthy circulation of the fluids by the carrying of the pure, rich blood to the extremities is just which paints the rose in the cheek and imparts the most exquisite beauty. It is that which imparts the indescribable shades and hues of both roses that all admire, but none can describe This beauty is the offspring of health—not of cosmetics or paint If there is not a free and healthy circulation, there is no beauty If the lady is fair as the lily, she turns brown, if she paints and use cosmetics, and the blood is sluggish, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a great remedy for females, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—some of the other medicines have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended them, although previously they did not. A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood Three persons cured in our house is unprecedented

Dr Townsend: Dear Sir—I have two more to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores have taken only four bottles, it took them away, for which I feel myself under great obligation Yours respectfully,

ISAAC W. CRAIN, 106 Worcester st.

Reliable Evidence of the Efficacy of Buchan's Hungarian Balsam

From the Boston Post

While we publish a packet we see at very little expense information which may be of the highest value to our fellow citizens, from A Nary (Mr A came to our office in comfort this health, which we did not expect to see in our earth We received a letter few weeks since, from another brother resident in the house with him, in which he was confined, this bed and could not probably continue but a short time In another of consumption who we saw from our office He has slight cough in morning, he would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully, will show what medicine has been the instrument of the good work

Boston, Feb 16, 1847

Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of "Buchan's Hungarian Balsam of Life" Have its plain at times to recommend it in many cases, and if there are any serious in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

Mr residence is No way Me Three years ago last fall took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to cease a work, and was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the nostrums which are recommended in such cases but could find no relief, but grew worse, and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle. This gave me instant relief, and six bottles have broken up my cough, and placed me in a situation to assume, with advance health, my usual occupation

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described, be advised in time
